

TravelMaster Multi-Rod – 36 fishing rods in one!

The rod is made up from various sections that are assembled to make different lengths and types of fishing rods.

There are 36 different combinations: six lengths, three tips (light, medium and heavy) and two handle sections.

It's made from tough, solid fibreglass, so no more broken rods, the reel seat is double threaded and the handle is reversible so any length rod will balance. You can even use an Alvey reel on it.

The patented reducing ferrule enables any section of the rod to be put directly into the handle.

Ideal for campers and anyone that loves to travel, the multi-rod comes in a tough travel case and measures 500 mm x 100 mm. The TravelMaster Multi-Rod is available in solid fibreglass (RRP \$125) and solid carbon (RRP \$175). www.tacklebusters.com.au

Optimus Outdoor Cooking

The Crux Stove and Weekend HE Cookset are ideal for the solo traveller. The whole set weighs in at 358 g, which includes a hard, anodised aluminium 1 L pot, a frying pan (doubles as a lid), and the Crux Stove. The Crux stove can boil 1 L of water in three minutes and folds down to just 12.4 x 16.5 cm, making it an easy fit inside the cookset.

The Nova + was developed for high altitudes and extreme weather conditions. Its turbine-shaped legs provide a stable base when extended and a compact body when folded up. The patent pending Powerline allows precision flame control, while keeping hands clear of the flame. The Nova + can boil one litre of water in 3.5 minutes and weighs only 425 g.

The Terra HE Cookset includes a 1.75 L pot with a heat exchanger, a non-stick coated 1.7 L pot, and a frying pan (again, doubling as a lid) and comes with a slim fit, insulated neoprene stuff bag.

Crux Stove with Terra Weekend HE Cookset RRP: \$119.95 (gas canister not included)

450 g Optimus Gas Cannister RRP: \$12.95

Nova + RRP: \$249.95 (fuel bottle not included)

Large (1 L) Optimus Fuel Bottle RRP: \$29.95

Terra HE Cookset RRP: \$89.95
