

WIN GREAT PRIZES - gifts galore for everyone

1 The bag that makes a real statement

WE all have our favourite wardrobe staples – the little black dress, the tailored blazer, the great fitting pair of jeans, and now the new must-have accessory SAKitToMe – soon to be seen on the arms

of women across Australia. Doing your bit for the environment means thinking outside the plastic bag, and this season it's all in the pouch. SAKitToMe is the brainchild of two busy mums who have juggled their day jobs and their families to bring you an eco-hero on a key ring that can hold up 10 kilos – so you can say no to plastic bags whenever you go. Unlike current eco-bags, SAKitToMe is a stylish hold-all coming in six bold geometric prints and designed by homegrown talent. And it's not just for shopping – the water resistant, durable bag can be used for swimming, sports, at the beach, picnics – a true versatile wardrobe staple. Urban. Along with the title of Toyota Star Maker Liam was given the use of a Toyota Rav4 for a year (including a fuel card!) plus the opportunity to record an album released on Compass Bros Records. That has resulted in Liam's debut album, Wild Heart – an 11-track country rock album that was officially launched at the Gympie Muster. **To win 1 of 4 copies the Liam Brew CD, simply cut out the pic and send to Liam Brew CD Competition, 197 Mary Street, Gympie 4570.**
